

Lynn Durbin, Mike Hooban & I took a road trip to NJ yesterday and a Flying Scot followed us home.

We've added Flying Scot # 5112 to our fleet.

To make room for the new addition - we will be offering Selkie for sale. First to SCOW Members and if necessary, to a broader audience.

We need to upgrade a few items before the new boat is ready for Member usage. Will keep you informed.

Be sure to renew your Membership if you want the opportunity to sail on the new boat!
